

2-Gun Rifle-Pistol Match and Free Clinic

This match is a modified version of a combat excellence in arms match, and is especially suited to new shooters using rack grade rifles and ball (mil surplus) ammunition. Semi-automatic rifles and pistols are preferred. Optical sights, iron sights, match rifles, or any safe rifle are allowed. It is not necessary to participate in the pistol phase if one chooses not to. With prior request, every effort will be made to provide arms and ammunition to those in need.
